Joel and Niva –

Attached are the CCD responses that were previously sent to RAD on 9/24, Keith flagged Toni and I in additional responses 9/30 in [the RAD RtC](#)

Please review the @@@ flags to see where we have assisted RAD in responding to the comments. [CCD Summary of Public and SACC Comments TCE 08-14-2020.docx](#) The resolved comment bubbles in the document are what have been transferred to the RAD.

The **RAD deadline is COB today 10/1** so we are **requesting your review by 2pm**. When the @@@ responses are ready I can transfer to RAD RtC and add to our clean CCD response version to show RAD what we have transferred.

I attached a downloaded copy of the TCE RE for reference if needed.

Thanks!

Hey Keith –

Attached is a clean version of the CCD responses that I transferred to the RAD version of the TCE RtC. Search CCD to find those responses easily. Toni will take a look at the RAD version tomorrow to see where else you have tagged us to assist “CCD Katie”.

Thanks!
